FY18 HIGHLIGHTS

**SAFETY
KEY HIGHLIGHTS
METRICS & PERFORMANCE DRIVERS**

SAFETY

Building a strong safety culture across all parts of our business

- Continuing strong performance
- No major incidents or injuries during the year
- Increased investment in safety leadership, and training our team in key safety skills

KEY HIGHLIGHTS

Results to the top end of guidance range

- Result at the top end of guidance range with FY18 PBT at \$12.5m; impacted by abnormal seasonal events and significant raw material cost & currency headwinds
- Expanding North American sales presence with investment in people & infrastructure to position us to capitalise on the sizeable opportunity in our categories
- Roll out of new Window Shade ranging at major USA home centre retailer commenced June - due for completion by December 2018
- Major projects (USA warehouse & China ERP system) implemented seamlessly
- Core product focus delivering cost savings and other improvements
- Manufacturing efficiencies & service improvements in both China & Australia
- \$8m state-of-the-art coating line on track for commissioning March 2019

KEY METRICS & PERFORMANCE DRIVERS

Strong second half performance

- A strong second half with improved EBITDA margins
- 8.5% decline in revenue to \$160.5m (\$175.3m in FY17) driven by glass exit and weak grain fabric sales in 1H
 - 1% decline excluding the discontinued glass business
- Full year NPAT \$9.8m (2H NPAT + 13%)

NPAT \$A million

CASH FLOW

Operating cash flow weaker due to currency, commodity prices and higher inventory

Operating cashflow \$A million

Net Debt \$A million

- Cash Flow and Net Debt impacted by:
 - Investment in new coating line
 - Investments to support new USA ranging
 - Investments in USA warehouse
 - Higher inventory levels due to lower than expected sales and Australian season inventory pre-build
 - Share buyback (10.3 million shares acquired at VWAP of \$0.36)

AUSTRALIA & NEW ZEALAND

Strong underlying performance for continuing business

	FY2018 A\$ million	FY2017 A\$ million	Change %
Revenue from continuing businesses	75.4	79.1	(5)
Statutory Revenue	75.4	92.4	(18)
Underlying EBITDA	4.2	2.9	45
Underlying PBT	3.5	1.9	82

- Strong profit increase
- Retail sales growth of 7% (excluding glass)
- Growth in core product categories, excluding grain protection fabrics
- Sales impacted by exit of glass business and the weak grain harvest
- Strong operational efficiencies achieved due to category exits

AMERICAS

Continued progress & investment

	FY2018 A\$ million	FY2017 A\$ million	Change %
Revenue	64.3	62.0	4
EBITDA	6.1	6.5	(6)
PBT	3.7	4.4	(15)

- Sales growth of 6%, in local currency terms, despite seasonal impacts
- Strong “sales-out” performance with largest customers
- Major customer window shade rollout to all stores nationally by December 2018
- New, larger California warehouse & manufacturing commenced operations and already providing service benefits
- Investment in the sales and marketing team to capitalise on significant growth opportunities

MIDDLE EAST/NORTH AFRICA

Challenging year despite strong demand

	FY2018 A\$ million	FY2017 A\$ million	Change %
Revenue	12.7	12.8	(1)
EBITDA	2.7	2.5	8
PBT	2.4	2.3	5

- Sales increased 2% in local currency despite continuing weaker economic conditions
- Operating margin improvement due to mix changes, and lower quality and supply chain costs
- Conservative selling posture due to market conditions

CHINA MANUFACTURING & EURASIA

Strong operational performance combined with service improvements

	FY2018 A\$ million	FY2017 A\$ million	Change %
Revenue	8.1	8.2	(1)
Intersegment Sales (eliminated when consolidated group results)	52.6	49.8	6
EBITDA	4.8	11.5	(58)
PBT	1.4	8.0	(82)

CHINA MANUFACTURING

- Stronger CNY and higher raw material costs weighed on manufacturing profits
- Reduced supplier count by 15% from FY17 with improved payment terms, reduced quality exposure and improved service
- New equipment & new technology implemented to further improve quality & alleviate production bottlenecks
- Exited weaving and powder coating operations to focus on core manufacturing processes
- Facility consolidation project underway to achieve efficiency & reduce complexity
- New ERP system implemented July 2018

EURASIA

- Improved product category mix and profitability
- Continuing exits from low profitability and non-core products which simultaneously reduces manufacturing complexity
- Strong growth in European commercial products

OUTLOOK

STRATEGY

A Global Fabrics Technology business

Focused Geographic Expansion – focusing on a small number of geographic markets. Strong focus on USA and Australia.

Product Innovation – revitalise the shade product category & development of high performance technical textiles including higher performing materials

Coated Products – create additional manufacturing capacity & extend our world-leading coated products to new markets

Productivity – drive manufacturing & other efficiencies across the business to support increased marketing & innovation investment & improved profitability

RESEARCH & DEVELOPMENT

A pipeline of truly innovative products

- New products to date have largely been product 'refreshes'
- Starting to deliver genuine innovation
 - Higher performing architectural fabrics
 - Solar motorised window shades
- Striving for significant breakthroughs
 - New materials
 - New technologies
 - New coated fabrics leveraging new equipment
- New Global Innovation Organisation (GIO) created linking Marketing, R&D, Product Engineering & Quality
- Increased investments in Product Engineering & Research & Development
- Key to sales growth & margin accretion

OUTLOOK

- Trading conditions not expected to change materially
- Continued growth in demand for core product categories expected
- Encouraged by the positioning of the business in key markets
- Major USA retailer window shade program rollout to continue in 1H FY19
- Australian grain cover market expected to be similar to last year due to drought. Underlying business expected to perform well.
- Australian Summer season – well prepared
- Resin costs expected to ease throughout the year
- New coating line on track to commence in March 2019
